[Current Prevailing Rates](#)

JOB DESCRIPTION:

Summary

SUN ENERGY SOLAR LLC (SES) is a full-service commercial and industrial electrical contracting company that was founded in 2019 out of a pure passion for renewable energies. We provide our clients with fully designed and installed systems to meet their needs whether they are looking for roof mount or ground mount systems. We offer services on solar projects of all scales that includes advisory, procurement, value engineering, project development and construction services, across the United States.

Sun Energy Solar LLC is seeking to hire **IMMEDIATELY**, highly motivated talent for our growing construction team. Ideal candidates will have experience working on a job site in solar, or another trade with comparable demands.

Benefits

- Health, Dental and Vision Insurance
- PTO / Paid Holidays
- 401k with Company Match

Specific Duties

- Cut metal components for installation.
- Measure materials or objects for installation or assembly.
- Assist in the installation of electrical components, equipment, or systems.
- Repair electrical equipment.
- Inspect electrical or electronic systems for defects.

- Pull wire or cable through ducts or conduits.
- Fabricate parts or components.
- Clean work sites.
- Drill holes in construction materials.
- Maintain construction tools or equipment.
- Move construction materials to locations where they are needed.
- Assemble temporary equipment or structures.
- Dig holes or trenches.
- Safely utilize hand and power tools after proper training (Drills, Crimpers, Cutters, etc.)
- Ability to safely operate light- and medium-duty construction equipment on a job site such as a telehandler, forklift, and boom lift.

Qualifications

- Driver's License
- Electrical and/or solar experience a plus
- Familiar with low voltage wiring, fiber installation, with fiber terminations being a plus
- Ability to read and interpret documents such as safety regulations, operation and maintenance instructions, blueprints and schematic drawings, and procedure manuals
- Dependability, strong work ethic, attendance, and punctuality
- Ability to work in a deadline and task-oriented work environment at a quick pace

Working Conditions

- Mostly outdoor year-round in varying weather conditions and temperatures
- Must be able to work long and/or extended hours to include weekends, as needed, with ability to *travel frequently* for long periods of time

All applicants must meet company hiring criteria for employment screening, including drug test and background check.

*****This job description is not designed to cover or contain a comprehensive listing of activities, duties, or responsibilities that are required of the employee. Duties, responsibilities, and activities may change or new ones may be assigned at any time with or without notice.*****
